car shipments during February were reported.

	SECRET/CONTROL - U.S. OFFICIALS ONLY	25X1
2.	Commento As compared with January 1953, incoming refrigerator car shipments from Rumania decreased by 50 percento	25 X 1
3.	Commente As compared with January, refrigerator car shipments from Czechoslovakia decreased slightly.	25 X 1
40	Comment. The considerable decrease of incoming refrigerator car shipments is surprising in view of the critical food situation in East Germany. It was possibly caused by a lack of foreign exchange.	25 X 1
